SUMMARY

Results-oriented backend developer with 3+ years of experience in developing scalable and efficient web applications. Proficient in microservices architecture, deployment methodologies, and frameworks, with a strong focus on database management and optimization. Skilled in collaborating with cross-functional teams to deliver high-quality software solutions. Committed to continuous learning and staying up-to-date with industry trends.

EDUCATION

Bachelor of Science in Computer Science
Mumbai University • 2019-2021 (9.35 CGPA)

SKILLS

- NodeJs
- ExpressJs
- Mongodb
- Jest
- Python
- Flask
- FastAPI
- Git
- Docker
- AWS (EC2, ECS,S3,SQS)

WORK EXPERIENCE

JaaGa.ai 🌐 in
Senior Software Developer • Aug 2023 - Present (Hyderabad, Telangana)

- Experienced in deploying and managing containerized applications with AWS ECS, and utilizing AWS S3 for efficient storage management.
- Skilled in integrating AWS SQS for reliable message queuing within distributed systems, ensuring seamless communication and system reliability.
- Implementing efficient data processing pipelines and complex aggregation operations with MongoDB Aggregate, enhancing data analytics capabilities and performance.

Stareoutgames 🌐 in
Back End Developer • Jun 2021 - Jul 2023 (Remote)

- Collaborate with cross-functional teams to identify and prioritize features and requirements
- Implemented RESTful APIs, optimized database queries, and improved overall performance.
- Develop and execute unit tests and perform system testing to ensure software quality
- Optimizing database performance, indexing strategies, and query execution plans to enhance overall system efficiency and response times.

ACADEMIC PROJECT

ColorPicker MERN APPLICATION
#expressjs #mongodb #reactjs #mongodb

- Create Color Palettes and share them among your friends.
- Getting top famous Color Palettes for artist and designer.

ALLINONE APPLICATION
#python #reactjs #docker #render #circleci #pytest #heroku

- Convert jpg to png and create short links and much more.
- Get all required things at one place with out visiting multiple website.
